## PRO MAKEUP ARTIST COURSE

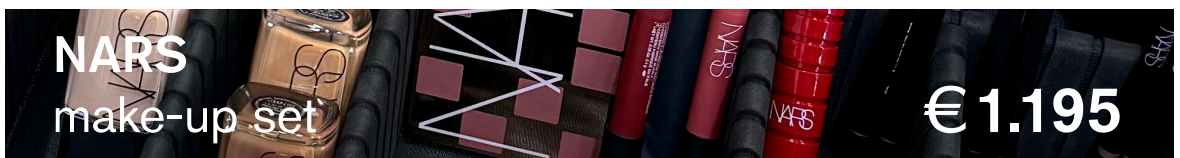

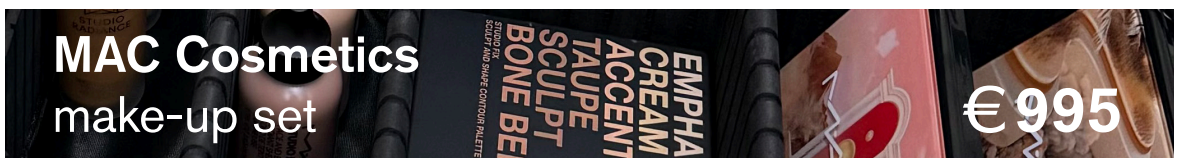

In the PRO Makeup Artist Course our super experienced teachers will learn you all the skills & techniques you need as a professional makeup artist (MUA) in 30 lessons with 4 photo shoots and 4 master classes from high-end brands.

Do you want to work independently as a freelancer and provide make-up at photo shoots, fashion shows, TV, video clips & film recordings or work for NARS, Charlotte Tilbury, LAURA MERCIER, MAC Cosmetics or at one of the cosmetics counters at the Bijenkorf, then you are in the right place with this premium course. If you wish, you can also start with assignments through our own Art of Colors Agency after the course.

We work with Charlotte Tilbury, MAC Cosmetics, LAURA MERCIER and NARS. They also take the exams for the Art of Colors PRO Makeup Artist course. This way you know this course is the right start for you to make make-up your career.
